

# **Blunts and Blunt Wraps**

A sheet or tube made of tobacco. Can be filled with loose tobacco or marijuana.

#### **Health Effects:**

Same as cigarettes (increased risk of lung cancer, mouth cancer, stroke, heart disease, etc.).

### **Common Brands:**

Phillies, Black Max, True Blunt, Royal Blunt, Bluntville, Juicy Blunt, Blunt Wrap USA

## Varieties:

Blunts: Short flavored cigars, often refilled with marijuana Blunt Wraps: Leaf tobacco in the form of a hard, hollow tube Cyclones: Blunt wrap in a cone form

- Products have sweet flavors, including fruit, candy, and sweet alcoholic drinks (such as peach cognac).
- Product wrappings are very colorful; many are shiny and sparkly, and some have sexual imagery.
- Blunts and blunt wraps are cheap enough for kids to buy on impulse; when sold individually, they cost as little as 63¢.
